

FAST, FURIOUS, FUSION™

CARPET WELDING TIP

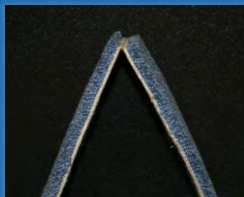

— FOR CARPET EDGE SEALING & WELDING —

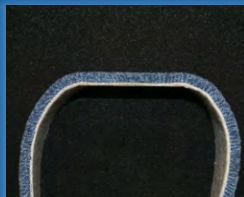

Don't just seal it—WELD IT!

TRAXX patented FUSION™ carpet welding tip is Engineered to seal and weld carpet edges to minimize seam peaking.

The end result is not just edge or seam sealing but a true 'weld' re-activated from the iron's heat when the seam is performed!

Without Fusion™

Welded with Fusion™!

**FOR BEST RESULTS USE WITH
STIXX™ Engineered Carpet
Glue Sticks and Seam Tapes**

Cools in seconds — no curing time as with latex seam sealer!

UV tracer provides proof-positive application.

Conforms to CRI, CFI and carpet manufacturer's edge securing standards.
