

XL Knitted Scrim Tapes

XL SEAM STIX™ HOT-MELT SEAM TAPES: XL Knitted Scrim Technology involves knitting fiberglass into individual fabrics the width of each tape and then gluing the knitted fabrics to the paper before the hot melt adhesive is added. **Knitted Scrim Tapes have higher strength and higher profiles than Bonded Scrim Tapes and are the most commonly used tapes available.**

All XL seam tapes are environmentally friendly

XL Bonded & Double-Scrim Tapes

XL SEAM STIX™ HOT-MELT SEAM TAPES: BONDED SCRIM TAPES | XL Bonded Scrim Technology involves gluing fiberglass strands across a 40-inches wide sheet of paper, and then slitting the paper into regular tape widths. This method of directly bonding the scrim makes very uniform scrim and very low profile tapes.

- EXTRA-WIDE CENTER BEAD
- Odor Free + No Smoking + Silicone Release
- Recommended for Residential Applications
- For Low Pile and Level Loop, ActionBac® and Jute-Backed Carpets
- 3-Inch Seam Tape

- EXTRA-WIDE CENTER BEAD
- Odor Free + No Smoking + Silicone Release
- Recommended for Medium Residential and Light Commercial Foot Traffic
