

GREEN!

by **TRAXX**

No Odor. No Mess. Superior Seams. No Kidding.

The Best Seaming System In The World Keeps Getting Better!

Since its introduction, the award-winning Kool Glide® seaming system has been recognized by installers, retailers and carpet mills as a superior way to seam carpet. Now, improvements and additions to the Kool Glide® line make it even better!

KOOL GLIDE® Tapes — all are 22-yard (66-ft) length rolls:

PREMIUM TAPE (COATED)

Medium-to-heavy commercial & residential traffic. Silicone coated paper to reduce sticking to pad.

4½-in paper / 4-in scrim

PREMIUM TAPE (UNCOATED)

Medium-to-heavy commercial & residential traffic. Uncoated paper backing allows tape to be overlapped for making rugs, borders & repairs.

4½-in paper / 4-in scrim

STANDARD TAPE (UNCOATED)

Light-to-medium residential traffic. Uncoated paper backing allows tape to be overlapped for making rugs, borders & repairs.

4½-in paper / 3-in scrim

PREMIUM DOUBLE-STICK TAPE

Adhesive on both sides for commercial double glue-down applications.

4½-in paper / 4-in scrim

UTILITY TAPE

2-sided bonding tape for hard surfaces: starter rows, board replacement, back-splash and many more.

4½-in paper / no scrim

WHAT'S NEW?

PREMIUM VINYL TAPE (COATED)

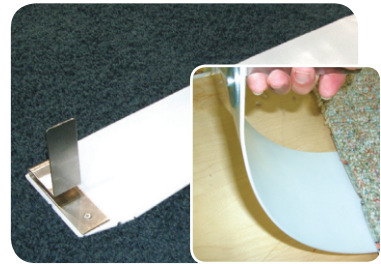

Formula interfaces with LVT/LVP and vinyl-backed carpet. Resistant to plasticizer migration.

4½-in paper / 4-in scrim

FUSION™ SEAM WELDING

With TRAXX's Fusion™ welding tip, and 100-watt glue gun, you can seal carpet edges with Kool Stics™ carpet welding sticks. When you activate the Kool Glide® seam tape, this sealer is also activated, welding both sides! With this fast & easy system, you'll be creating strong, durable seams, virtually eliminating seam peaking!

TEFLON® SEAMING BOARD

This flexible seaming board is designed specifically to be used with Kool Glide®. The special Teflon® material holds heat for a better bond and prevents tape from sticking to pad. The handle doubles as a tape guide to improve centering. And, this flexible product is a lot easier to remove at the end of the seam.

IMPROVED TOOL LIFE

Some of the Kool Glide® electronics on the inside have been upgraded for longer tool life and fewer repairs.

Look at all the KOOL GLIDE® advantages:

- No Smoke. No Odor.
- Easy Pattern Matching
- Easy Seam Sealing
- Can't Burn Installer
- Low Heat – No Heat Damage
- Fusion™ Seam Sealing & Welding
- Reversible Bond for Easy Repair
- General Purpose Adhesive
- No Warm-Up and Cool-Down
- No Messy Wet Glue
- Flat Seams – No Peaking
- Plus a NEW Adhesive for Vinyls
