

TECHNICAL DATA SHEET

TRAXXSHIELD-RR™ MULTIPURPOSE RED ROSIN

TRAXXSHIELD-RR™ (Red Rosin) is a reliable multipurpose rosin paper and underlayment moisture barrier slip sheet beneath hardwood floors. It may also be used as temporary surface protection in light traffic scenarios.

SPECIFICATIONS:

- Recyclable and reusable
- Not acid free
- Does not meet any military specifications

USES:

Flooring and Carpentry

- Slip Sheet: Placed between subflooring and hardwood floors to reduce friction and minimize squeaks.
- Dust Barrier: Blocks dust and wind infiltration from crawlspaces or subfloors.
- Surface Protection: Rolled out to shield finished floors, stairs, and countertops from foot traffic, scratches, and paint drips.

Roofing and Walls

- First-Layer Liner: Used under built-up or metal roofing systems as a protective separation layer.
- Asphalt Compatibility: Resists heat and works safely alongside asphalt and coal-tar roofing products.
- Wall Sheathing: Installed behind siding or in walls to block wind and dust.

AVAILABLE SIZES — Part Number, Roll/Sheet Size:

- PSP-0636RR | Roll Size: 36" x 167' (91.44cm x 50.90m)
- 6 MIL (±1 MIL)

OTHER RELEVANT SPECS:

- Weight: 11 lbs per roll
- Area Coverage Per Roll:
 - ◇ 501 square feet (46.54m²)
- Case Quantity (optional): 25 Rolls
- Made in the USA

INSTRUCTIONS & STORAGE:

Flooring must be free from dirt and debris. Vacuum or sweep floors to be covered. Roll out TRAXXSHIELD-RR™. Cut to desired length. Tape edges with TRAXX Painter's Tape or Masking Tape. Overlap seams by 2–3 inches. Tape seams with TRAXX Surface Protection seam tape.

TRAXXSHIELD-RR™ should be stored in a dry, cool and well-ventilated away from open flame and other source of ignition. Follow good hygiene and safety practice. Avoid eye contact and do not breath dust.
